REMINISCENCES OF OUR PIONEER DAYS

Gleanings From the Records Left
By Men Who Laid the Foundation of Our County.

At the annual meeting of the members of the San Mateo County Historical Society, held on the evening of Easter Monday, 1881, C. N. Felton, James Crowe, Henry Horton, B. F. Cooper and T. M. Cook were selected as vestrymen for the ensuing year. Of these James Crowe who still holds the same honorable office, was selected as warden, while B. F. Cooper was laid to his final rest during the present week with the last rites of the church he served so well.

In these days it would be hard to imagine the average citizen of the sanity of a man who would voluntarily seek an increase in the amount of his property valuation as fixed by the county assessor. Nor is it probable that in the earlier days of the country men of this stamp were to be frequently met with. Yet the history of San Mateo county as recorded by the public press shows that within its borders one such man could be found, and that a man among the class who are generally credited with a penchant for tax dodging. This rather remarkable individual was Charles N. Felton, then regarded as one of the wealthiest men of the state. And the additional amount which he sought to have added to his taxable property was no bagatelle. At the time of the making up of the assessment rolls, Mr. Felton was absent from the county and did not return until the assessor had completed his work and turned the rolls over to the board of equalization. In the absence of Mr. Felton the assessor had gone to his home at Menlo Park and had assessed everything he could find. This of course included all of the real estate and such personal property as was in sight, but did not include \$139,000 in bonds which Mr. Felton had safely stowed away in the county. It was the value of these bonds which Mr. Felton had sought to have added to his tax list. As a matter of course, when the desire of Mr. Felton was made known to the members of the Board of Equalization he met with no serious opposition to his wishes for an increase in his tax bill. Nor was this the only instance in which Mr. Felton exhibited a loyalty to the county which he claimed as his home, for it is related that on a previous occasion he had brought into the county from San Francisco, where his place of business was established, a considerable block of the same class of property for assessment purposes, arguing that as this was his home, he believed that his county should have the benefit of as large amount as possible of his support in the burden of its expenses that his less fortunate fellow citizens should be relieved of their burdens.

Evidently Tunitas Creek, the scene of the location of the present workings of the United High Gravity Oil Company, and which is now giving promise of becoming one of the leading oil producing sections of the state, is not now coming into its first notoriety in this respect. As early as 1880 petroleum experts had their eyes on the section and had discovered good reason to consider the section one of unusual promise. In 1881 a company of men undertook to prospect the section and a well was put down for some depth on the ranch of T. G. Durham on the creek. When down but 125 feet a flow of oil was encountered which was of an especially high grade.

On the last of September, 1881, another change was made in the editorial control of the Times and Gazette, the retirement of T. M. Cook who had been its editor for three years, however being of but short duration. Mr. Cook surrendered control of the paper to J. F. Bowman and went to San Mateo where he took editorial charge of

the Journal, then the property of R. G. Rowley, the district attorney of the county. The change only lasted until the latter part of October of the same year, when Mr. Cook returned to Redwood and again assumed his work as editor of the Times and Gazette. With the return of Mr. Cook there also began the connection with this paper of Fremont Older, a man who has since achieved a position of some eminence among the newspaper fraternity of California. Mr. Older also came here from San Mateo and took charge of the paper as its foreman. In the same exchange of talent S. C. Leahy, who for a number of years had been foreman of the Times and Gazette office, became the proprietor of the Journal at San Mateo, purchasing that paper from Mr. Rowley.

Memorial Day Observance.

The usual Memorial Day observance will be held in this city Tuesday, the 30th instant, under the auspices of the local post and corps. Exercises will be held at the Alhambra at 1:30 o'clock in the afternoon at which James A. Bagalupi, a brilliant young attorney of San Francisco will deliver the oration. There will also be musical and literary exercises. It is expected that the post and corps of Palo Alto will join in the celebration. At the conclusion of the exercises at the hall the graves in the Union cemetery will be decorated. It is requested that owners of lots in the cemetery have them cleaned up for this occasion.

Assessor's

Instructions

To Owners of Real Estate and Personal Property.

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where his property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

If you hold mortgages against others and are a mortgagee showing against them due on each mortgage on the first Monday in March at 12 o'clock m.

No change can be made by the Assessor after he turns over his books to the Board of Supervisors on the first Monday in July. The Board then sets as a Board of Equalization during the month of July.

It is much more satisfactory to the Assessor as well as to yourself, to have your assessment correct when you go to pay your taxes.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Consideration of justice would seem to urge that the letting of the contract for the building of the new city hall be given to the contractor who has the preference to local contractors. The people of Redwood City must provide for the cost of this building and it is but just that her people should have the benefit of the expenditure.

PEOPLE WHO ARE ON ROLL OF HONOR

Residents of San Mateo County Who Will Aid Work for Local Expansion

That the forceful campaign that is being waged by the boosters of San Mateo County Development Association for the benefit of the resources and citizens of the entire county is bearing fruit was shown at the executive meeting of the Board of Governors held in San Mateo on Tuesday night when most encouraging reports were received from various sections.

Believing that the most widely spread interest will be a great aid for the Association's work, an especial effort is being made to increase the number of members. A mass meeting will be held at Green's hall, San Bruno, this afternoon at 3 o'clock for the purpose of explaining the purposes of the organization to the people of that section. It was also decided at the executive meeting that George C. Ross should be appointed the attorney of the organization.

Get on the band wagon. Be a booster and help with your money and enthusiasm the greatest forward movement ever started in this county. Look who's in on it. Here they are. And by the way, the secretary or the local membership committee, D. R. Stafford, J. E. O'Keefe, Geo. W. Love, J. D. Swift, and C. Hynding will receive your name.

Slightly Disfigured, Still in the Ring.
San Mateo took the local team into camp last Sunday to the tune of 3 to 2.

It was one of the best games of baseball ever played on any field. The game was full of excitement and sensational plays. Although beaten by the score Redwood deserves the credit of playing the best all around game. The game was a revelation to the San Mateo fans who did not give Redwood a chance, but before the game was far advanced they sat up and took notice, especially at the work of Ross in the box for Redwood.

Umpire Walters certainly gave a hard decision against Redwood in the 4th inning on which San Mateo retted two runs which practically decided the game. Although Walters decision might have been honest it was nevertheless costly for Redwood.

The features of the game were the stick work of Ligourio, San Mateo's crack batter and for Redwood, the pitching of Ross and the individual playing of Peters. Peters has left to join the Philadelphia Athletics.

Redwood's new catcher came through with a timely hit and brought in two runs. A new player will be seen on the local team. Set Sunday in one Ray Miller, the crack infielder of St. Mary's College team. Redwood plays the Easy Dentists' team of San Francisco. Goldy recommends the team as being among the best in San Francisco, so go out to the game tomorrow and witness some good sport.

Ready for Big Time.

The associated series of Eagles of San Mateo county, representing a membership of more than 1,000, will hold a picnic and outing at Tanforan park tomorrow to raise funds for a suitable local display at the national convention of the order in San Francisco in August.

hard for success which already seems assured. The gates will be opened at 10 o'clock in the morning and an elaborate program has been arranged. At 1 o'clock there will be music and dancing, and later in the afternoon there will be races of every description. Automobile races, motorcycle races and horse races will be the order of the day. The owners of Tanforan have donated the use of the park and the United Railroads will run its cemetery cars through to the grounds. Redwood City aerie, 418, San Mateo aerie 440, South San Francisco aerie 1473, Halfmoon Bay aerie 1479, and Colma Vista Grande aerie 1848 have formed the associated aeries of the county. Z. T. Montgomery is president of the association and A. L. Lowe is secretary.

BUILDING AND LOAN ATTAINS MAJORITY

Local Association Completes 21 Years of Successful Business

The San Mateo County Building and Loan Association attained its majority on the 8th instant, that date being the twenty-first anniversary of its organization. Somewhat over ten years ago its shares began to mature and since that time 1748 shares have been matured and cancelled, the sum of \$218,500 being returned to the holders for dues paid thereon, and a further sum of \$131,100 as earnings or profits, making a total of \$349,600 for matured shares. In addition to this a large amount of money has been paid for surrendered shares which had not matured.

There are now 4014 shares in force, fifty-seven of which, in series 33, will mature in July next, amounting to \$11,400.

In the twenty-one years of its existence the association has loaned to its members the sum of \$930,073 on first mortgages and \$115,118 on shares of the association, pledged as security therefor, while the loans now outstanding amount to \$265,399.70, with a reserve fund of over \$6000.

"Tall oaks from little acorns grow" and "many a mickle makes a muckle" Thus has the association progressed and everyone interested is proud of the success of this Redwood City enterprise.

The fiscal year will end May 31st when the twenty-first annual report will be issued. A new series of stock, No. 75, will be opened June 1st. The annual meeting of shareholders will be held in the office of the association at 48 Broadway on June 26th at 8 o'clock p. m.

IF WOMEN ONLY KNEW

What a Heap of Happiness it Would Bring to Redwood City Homes.

Hard to do housework with an aching back. Brings you hours of misery at leisure or at work.

If women only knew the cause—that Backache pains come from sick kidneys, "I would save much needless worry."

Doan's Kidney Pills help sick kidneys. Redwood City people endorse this.

Mrs. J. G. Redington, Beech St., Redwood City, Calif., says: "I gladly confirm all I said in praise of Doan's Kidney Pills when I publicly recommended them over two years ago. I still feel safe in saying that this remedy is the best one to be had for backache and other kidney disorders. My backache and other kidney disorders. My supply of Doan's Kidney Pills was procured at F. A. Ryan's Drug Store and so thoroughly was their merit proved that I have considered it a pleasure, as well as a duty, to advise their use whenever an opportunity has occurred since then."

Suffragette Meeting at Colma. An interesting meeting was held at the home of Mrs. Henry Ward Brown in Colma last Friday afternoon. The ladies of Colma were invited to meet several of the most prominent suffrage workers of San Francisco and consider informally the arguments for and against giving equal suffrage to women.

A number of ladies responded to the invitation and listened to talks by Mrs. Grant Taylor, Miss Maud Younger, Mrs. Robert Dean and Mrs. Orlov Black. Each talk was followed by a short discussion.

Several ladies came with the avowed intention of staying only a few minutes, but the talks and mutual discussions were so vital and interesting that not one left until long after tea was served.

Those present besides the speakers were: Mrs. Deacon, Mrs. Frost, Mrs. Hudson, Mrs. Henderson, Mrs. Laughlin, Mrs. Lindsay, Mrs. Pratt, Mrs. Spellman, Mrs. Sturla, Mrs. Wootley and Miss Frances Woolsey.

CITY WILL AID IN DEVELOPMENT PLAN

Council Votes Monthly Sum to Support Work of County Association

STREET PARKING SUGGESTED

D. R. Stafford Proposes Artistic Plan For Improvement of Central Highways of City

At the meeting of the city council last Monday evening the trustees went on record as officially ready to endorse the work of the San Mateo County Development Association and to sanction a contribution for the funds of the city of a substantial amount in support of the organized effort for the advancement of the general interests of San Mateo county.

In the discussion which led up to this action it was made evident that the decision of the trustees was the result of a careful business survey of the situation and that the determination to allow a contribution from the funds of the city followed a conclusion that the investment would eventually prove a measure of direct profit to the taxpayers, both in increased business facilities and enhanced property valuations. That the argument of the supporters of the proposal to contribute from the funds of the city had demonstrated that the work of the Association promised substantial results is evident from the fact that the motion to allow the contribution was made by Trustee Hyndling, who for a long time past has stood as the constant advocate of extreme caution in the expenditure of public money. All of the trustees were present at the meeting and each expressed himself as heartily in sympathy with the work of the Association.

The usual monthly reports of the city officers were presented and approved. The report of Treasurer Towne shows that the general fund, which for a few months has shown a deficiency, is again in good condition, this result being due to the receipt of a portion of the second installment of taxes.

Foundmaster Collier reported that during the month he had impounded three horses and two cows, all of which had been redeemed. Eighteen dogs had been taken up, of which 14 were killed.

At the request of R. Schellens, City Engineer Neuman was ordered to set grade stakes on Taft street.

Contractor T. C. Rice reported that he had completed the laying of curbs and sidewalks on James street and Brewster avenue and asked that the work be accepted. Hearing on the petition was set for May 29th. This completed work in the Dingle Park improvement district which was delayed in order that filled ground might have an opportunity to settle with the winter rains.

On the verbal request of H. G. Tuchen, the local agent, the Dingle Park owners were given permission to construct a sewer in a portion of Elwood street to connect with the main in Brewster avenue.

The map of H. R. Fee's residential vision of lot 11, of the Wooster, Whitton & Montgomery subdivision, which was submitted at the last meeting, was approved.

The Moxey Realty Co. submitted a map of a subdivision of lot 30 of the Reese tract. Action on this was laid over until the next meeting under the rules.

A communication was presented from the San Mateo County Development Association asking that a contribution of \$25 per month be made by the city for the support of the work of the association in the development of the resources of the city and county. After the reading of the communication by Clerk Elmer Fred Green, the secretary of the association addressed the council at some length, explaining the objects and needs of the association. Mr. Green especially dwelt upon the efforts made to secure what is considered a just rate of fare to and from San Francisco from county points and the value of this movement to Redwood City.

Mr. Green was followed by Geo. W. Lovie, who urged that Redwood City do its share in this popular movement for the betterment of county conditions. He also dwelt upon the importance to the city of the fight for better transportation rates.

D. R. Stafford also urged the trustees to assist in the support of the work of the association. In his opinion the one object of securing better transportation rates was to add materially to property values of the city and thus increase the tax income.

President H. C. Tuchen of the Board of Trade urged that the council act liberally, citing several indications pointing to the ultimate success of the movement for improved communication. He made it evident that the association was giving special consideration to the southern end of the county and that the members of the board of governors never neglected an opportunity to plan for the aid of Redwood City.

Chairman Merrill expressed the opinion that any reduction in fares must result in a corresponding increase in the value of property, citing results of this character in other cities. Trustee Hyndling volunteered a hearty second to show his earnestness in this opinion moved that the council make a subscription to the funds of \$25 per month, the payments to continue for one year. The motion was seconded by Trustee Brown and carried by a unanimous vote.

D. R. Stafford proposed a change in the plans for the improvement of at least a portion of the proposed district No. 17 which he believed would improve the appearance of the city while lessening the cost of the improvement to the property owner. He suggested that as the streets in this section of the city were somewhat wider than in other portions it might be wise to devote a portion of the center of the roadway to parking purposes, especially the blocks leading from Broadway. These, if properly laid out would give these streets, which are the first to meet the view of visitors an attractive appearance and create a favorable impression. With a roadway of 60 feet, he proposed that a strip of 16 feet in width might be so arranged as to allow the crossing of teams in the middle of the blocks so as not to interfere with business travel.

As an interested taxpayer Geo. W. Lovie opposed the suggestion of Mr. Stafford, arguing that the proposed change could not materially reduce the cost of improvement and expressing doubt as to the utility of the plan of parks in the center of streets. The care of these parks, he urged would involve a considerable expense to prevent them from being a detriment to the appearance of the streets instead of an improvement.

While the suggestion of Mr. Stafford was discussed at some length no action was taken, it being the opinion that the only way to make changes at this time was by individual action by the property owners interested in the section desired to be changed.

Chairman Merrill stated that during the past week he had been investigating methods of securing a satisfactory solution of the paving of the streets surrounding the courthouse and school buildings and believed that a settlement of the question could be reached. The parties controlling the laying of the reinforced concrete pavement had expressed to him a readiness to do the work at private contract and to accept from the owners of the property affected ten year installment notes, thus affording the same terms of payment as provided in the law of 1901 under which the public work was being done. This he believed would be an acceptable pavement to the board of supervisors for the county's portion of the work and would receive their sanction.

An inquiry by Mr. Lovie brought out the statement that under the amended street law payments on deferred accounts were no longer optional. That is, either the property owners must pay the entire amount in the first instance or allow the installments to continue for the entire ten years.

ANOTHER PIONEER CALLED TO REST

Benjamin F. Cooper Crosses Great Divide to Eternal Camping Ground

The passing of Benjamin Franklin Cooper removes a familiar figure from Redwood City, one whose geniality and good nature always appealed to every citizen. Mr. Cooper came to this city in pioneer days, when there were but few buildings in Redwood City. Born in Ohio, in 1834 he came to California in 1855 and settled in this city in 1865. Mr. Cooper conducted a weekly paper in Virginia City in early days and he loved to tell of his experiences on the tripod.

After coming to Redwood he started a merchandise store which he conducted for many years. For over thirty years he was an employee of P. P. Chamberlain and retired a few years ago on account of ill health. His wife having died, sometime since he made his home with his son, Morris Cooper, on Warren street. For some months Mr. Cooper had been failing in health and growing gradually weaker until he was compelled to take to his bed a few weeks ago. The funeral took place last Tuesday. Services were held at the home by Rev. A. W. Darwall, rector of St. Peter's Episcopal church, after which the remains were taken to Cypress Lawn cemetery for interment. The deceased is survived by his son, Morris. Mr. Cooper was an intellectual man, well versed on all current topics, a ready debater and an ardent supporter of any movement that had for its object the betterment of the community.

Blackburn Trial Near End. The case of Dr. Daniel E. Blackburn, now being tried in San Francisco will go to the jury on Monday next. During the week about thirty character witnesses were called to testify to the good character of the supervisor. It is the general consensus of opinion that he will be acquitted. He is accused of taking bribe money in connection with the furniture contract of the new courthouse. Mr. Blackburn put up a strong defense showing conspiracy on the part of Carl Coburn and others.

War broke out in the servants' quarters on the John A. Hooper country estate at Woodside Wednesday, when Milton Reynolds, the family chauffeur, refused to allow Conrad Breton, the dayman, to enter the house until he had removed his shoes. A quarrel ensued, in which Breton was struck over the head with an iron bar. Breton swore to a complaint before Justice of the Peace Herber W. Lampkin Thursday morning, charging Reynolds with assault with a deadly weapon. Constable Martin Walsh arrested the chauffeur and he was released upon furnishing \$500 bail.

Fred Sharon is erecting a swimming pool at his place at University Heights. Frank Andrews has the contract for hauling all the material for it. It will be the largest swimming pool in the peninsula.
